

Component/Dimension	Indicator measures	Tool	Process/Mechanism	Availability	Course	Program	School	University					
Classroom Ecology	Psychological safety- Extent of class participation-comfortable asking questions in class?	Pedagogical Partnerships	Student Faculty Pedagogical Partnerships	Needs to be developed	☑	☐	☐	☐		Component	Attributable Weight	Total Elements	What does this component represent?
Classroom Ecology	Peer Effects-for example, do students teach each other?	Pedagogical Partnerships	Student Faculty Pedagogical Partnerships	Needs to be developed	☑	☐	☐	☐		Proficiency Gains	20%	9	Growth in analytical writing, reasoning, quantitative literacy, and disciplinary skills across time.
Inclusion	Retention & graduation gaps by SES, gender, city of origin/residence, scholarships (EOP, TOPS)	RO data	Identify and analyse differentials across various categories	Needs to be developed	☐	☑	☑	☑		Practical Application	20%	6	Ability to apply theory to real-world, social, ethical, or local contexts.
Inclusion	Access to high-impact practices (research, study abroad) by demographics	Inclusivity Score	Identify and analyse differentials across various categories (Admissions, OTL should have this data)	Partially	☐	☑	☑	☑		Intellectual Stimulation	10%	8	Courses that challenge assumptions, provoke debate, and encourage independent thinking.
Inclusion	GPA convergence over time across student groups	Inclusivity Score	Are certain groups progressively outperforming other groups academically	Partially	☐	☑	☑	☑		Inclusion	10%	5	Students feel respected, heard, and able to participate regardless of background.
Inclusion	Sense of belonging indicators	Campus Climate Surveys https://www.cmc.edu/institutional-research/cmc-survey-results	Students should be able to report: Sense of Belonging & Psychological Safety Respectful Treatment & Everyday Interactions Institutional Trust & Procedural Justice Representation & Visibility Access to Resources & Support Experiences of Discrimination & Harassment Voice, Agency & Participation Intersectional Inclusion	Needs to be developed	☐	☐	☑	☑		Classroom Ecology	15%	4	The quality of interaction, respect, engagement, and learning norms in the classroom.
Integrating Interdisciplinarity	Learning aligned with Yohsin values	Yohsin Integration Index	Program level engagement with Yohsin values-course evaluations should integrate questions centered around Yohsin values. This will track embedding of ethics, service, and excellence in curricula.	Needs to be developed	☐	☑	☑	☑		Integrating Interdisciplinarity	10%	5	Connecting ideas across disciplines, especially through the Liberal Core.
Integrating Interdisciplinarity	Diversity of thesis topics	Thesis Evaluation	UGE?	Needs to be developed	☐	☑	☑	☐		Pedagogical Alignment	15%	5	Coherence between learning outcomes, teaching methods, and assessments.
Intellectual Stimulation	Student volunteering for seminars/talks when its not compulsory	Sign Ups	All seminars should have sign up sheets and student ids should automatically fetch their respective program-can HIVE have this functionality?	Needs to be developed	☐	☑	☐	☑					
Intellectual Stimulation	Proportion of students taking advanced level courses before they have to	RO data		Yes	☐	☑	☐	☐					
Intellectual Stimulation	Thesis-derivative or original?	Thesis Evaluation	UGE?	Needs to be developed	☐	☑	☑	☐					
Intellectual Stimulation	Major Switching Rates (emerging patterns?)	RO?		Needs to be developed	☐	☑	☑	☐					
Intellectual Stimulation	Undergraduate research participation rate (also reflects learning autonomy and self-directed learning)	% of students completing research, assistantships, independent research or projects/ future student led conferences	Registrar; Academic Affairs	Yes	☐	☑	☐	☐					
Pedagogical Alignment	Alignment of CLOs	CPAC-T Score	Average CPAC-T scores for a joint index	Partially	☑	☑	☑	☐					
Pedagogical Alignment	Alignment of PLOs	Sentiment analysis of top and bottom 3 words for course and instructor evaluation/or program-3 words for your program-word cloud	Standard Natural Language Processing of Course Evaluations-averaged at the program level-example, could be the SE programs	Partially	☐	☑	☐	☐					
Pedagogical Alignment	Cultural and epistemic diversity in materials	Course Outline	The diversity in course content should be a metric in course evaluations	Needs to be developed	☐	☑	☑	☐					
Pedagogical Alignment	Innovative Assessment Strategies	Course Outline	To accommodate for the various ways in which student learning can actually be assessed	Needs to be developed	☐	☐	☐	☐					
Practical Application	Increased Competencies (Hard Skills)	Course Outline/Course Evaluations	Course Outline should mention atleast one such thing Mandatory digital tool/software/language as part of CLOs (NVIVO,Zotero,MAXQDA, Connected)	Needs to be developed	☐	☑	☑	☑					
Practical Application	Increased Competencies (Soft Skills)	Course Outline/Course Evaluations	Course Outline should mention this Student Self-Evaluation at start and end and faculty can evaluate/corroborate at the end whether the student actually demonstrates the skills they have identified	Needs to be developed	☐	☑	☑	☑					

Component	Measure	Indicator measures	Availability	Course	Program	School	University
Classroom Ecology	Student-faculty ratio	Total enrolled students ÷ full-time faculty.	RO (student instructor ratio of each class averaged for each program, school, university)//credit hours being devoted to each program?	☐	☐	☒	☒
Classroom Ecology	Average class size	Mean number of students per class.	RO	☐	☒	☐	☒
Classroom Ecology	Attendance Rates	The university should ideally have a benchmark percentage at every level	RO	☒	☒	☒	☒
Inclusion	Count of available resources	Availability of tools/infrastructures/policies for differently abled students, students from different SES/hybrid remote learning	Admin Data	☐	☒	☒	☒
Integrating Interdisciplinarity	Number of interdisciplinary courses offered	% of courses co-taught by multiple faculty.	PSCS/IR Database	☐	☒	☐	☒
Integrating Interdisciplinarity	Cross-departmental engagements for example, seminars, talks, workshops, etc	% of students/faculty attending interdisciplinary events.	Event attendance logs	☐	☒	☒	☒
Intellectual Stimulation	Undergraduate research participation rate (also reflects learning autonomy and self-directed learning)	% of students completing research, assistantships, independent research or projects/ future student led conferences	Registrar; Academic Affairs	☐	☒	☒	☒
Intellectual Stimulation	Study Abroad/Research Abroad participation rate	% of students being selected to go to partner colleges for exchange programs	Academic Affairs/PSCS	☐	☒	☒	☒
Intellectual Stimulation	Minor Uptake Rate	% of students who choose to do minors-is one program being dominated here?	RO	☐	☒	☐	☒
Pedagogical Alignment	Faculty-student collaborative research projects	Count of co-authored papers or projects.	Faculty reports? OTL?	☐	☒	☐	☒
Pedagogical Alignment	Frequency of curriculum review	In the context of a rapidly changing job market and the world at large, is the curriculum reviewed enough?	Faculty reports? OTL?	☐	☒	☒	☒
Pedagogical Alignment	Average feedback turn around time	The median time it takes instructors to get back (if we benchmark what this time should be it could be a nice way of ensuring that students have enough time to get feedback and improve on it while they still have time)	Faculty reports? OTL?	☒	☒	☒	☐
Pedagogical Alignment	Pedagogical Alignment	Rubrics for assignments, assessments tied to outcomes	Assessment of course outlines	☒	☒	☒	☒
Proficiency Gains	Average GPA at graduation	Mean final GPA for graduating class.	Faculty reports? OTL?	☐	☒	☒	☒
Proficiency Gains	Capstone/thesis completion rate	% of students completing required final projects.	Faculty reports?	☐	☐	☐	☒
Proficiency Gains	First-year retention rate	% of first-year students re-enrolled next year.	Registrar longitudinal data stored in PSCS	☐	☒	☐	☒
Proficiency Gains	Four-year graduation rate	% of cohort graduating within 4 years.	Registrar longitudinal data stored in PSCS	☐	☒	☐	☒
Proficiency Gains	Average time-to-complete degree	Average number of semesters to graduate.	Registrar longitudinal data stored in PSCS	☐	☐	☐	☒
Proficiency Gains	Writing Proficiency Gains	Proficiency Gains Test or Self Evaluation	Entry test comparisons/?comparable task at entry, mid-level and exit	☐	☒	☐	☒
Proficiency Gains	Critical Thinking Scores	Proficiency Gains Test or Self Evaluation	Entry test comparisons/?comparable task at entry, mid-level and exit	☐	☒	☐	☒
**check pedagogical alignment again							
**layers to faculty							

Sources:

- Key takeaways:
1.reduced workload ensures better learning
2.innovative assessment is critical for holistic pedagogical outcomes
3.student impression of their own academic ability can directly impact student performance
- Harvey Mudd
Academic challenges are critical to assessing the quality of student learning
- Pitzer College
<https://www.pitzer.edu/offices/institutional-research/assessment-resources/educational-objectives>
- Claremont McKenna College
<https://www.cmc.edu/institutional-research/factbook/students>
- Pomona

**more focus on types of assessment rather than other metrics for assessing student learning*

⦿ Component	Indicator measures	Process/Mechanism	👤 Stakeholder	Tool	Availability	Course	Program	School	University					
Career Alignment	Alumni Industry Alignment Score	Alumni perception of curriculum relevance to industry	Faculty and Students	Alumni tracer studies, LinkedIn alumni surveys, Qualtrics surveys		☐	☒	☐	☐		Component	What does this component represent?	Attributable Weight	Total Elements
Career Alignment	Curriculum-Career Alignment	Program career trajectory (are the contents of the program linked to the careers it offers?)	Students	Alumni career tracking (LinkedIn analytics, tracer studies), career services reports		☐	☒	☐	☐		Teaching & Assessment Quality	Effectiveness of teaching, assessment, and feedback in supporting and accurately evaluating student learning.	25%	9
Curriculum Design and Program Structural Coherence	Perceived Curriculum Coherence	Are courses from the same program starkly different in a way that they don't add much to each other? Do students learn about other disciplines as part of a program?	Students	Student surveys, alumni surveys, structured focus groups		☐	☒	☐	☐		Student Academic Experience	Overall quality of the student journey, including workload, difficulty, guidance, and progression through the program.	20%	12
Curriculum Design and Program Structural Coherence	Perceived program structure clarity	The extent to which the logical order of cores and electives are spread across the 4 years	Students	Student surveys, advising satisfaction surveys		☐	☒	☐	☐		Institutional Resources & Support	Availability and adequacy of resources, infrastructure, and support systems enabling teaching and learning.	10%	13
External Engagement	Industry Valuation of Program Output/Hiring Confidence Score	Employer perception of program structure/market value	Students	Employer surveys, industry advisory board feedback forms		☐	☒	☐	☐		Curriculum Design and Program Structural Coherence	Logical organization, sequencing, and integration of courses to ensure a cohesive learning pathway.	20%	11
External Engagement	Programs market value/reputation	Program ROI (could be an ROI study)	Students	Graduate salary data, labor market databases, employer surveys		☐	☒	☐	☐		Program Governance & Quality Assurance	Effectiveness of policies, processes, and oversight in ensuring transparency, consistency, and continuous improvement.	10%	11
Institutional Resources & Support	Faculty Support	Faculty satisfaction with administrative process and resources available	Faculty	Faculty climate surveys (Qualtrics), internal HR surveys		☐	☒	☒	☒		Career Alignment	Alignment of program content and skills with labor market needs and career pathways.	10%	4
Institutional Resources & Support	Resource Adequacy	Satisfaction with program resources / Perceived adequacy of academic infrastructure	Students	Student and faculty surveys, infrastructure satisfaction modules		☐	☒	☒	☒		External Engagement	Extent of collaboration with industry, academia, and other external stakeholders to enhance program relevance.	5%	5
Institutional Resources & Support	Responsiveness & Accountability	Perceived responsiveness, effectiveness and accountability of administration	Faculty and Students	Student and faculty surveys, infrastructure satisfaction modules		☐	☒	☒	☒					
Program Governance & Quality Assurance	Fairness & Consistency	Clarity and consistency in policy implementation across courses	Students	Course evaluation surveys, senior exit surveys		☒	☒	☒	☒					
Program Governance & Quality Assurance	Transparency & Clarity of Program	Transparency of grading and evaluation processes	Students	Course evaluation surveys, senior exit surveys		☒	☒	☒	☒					
Student Academic Experience	Program layout	Clarity of program requirements and timelines	Students	Program evaluation surveys, senior exit surveys		☐	☒	☒	☒					
Student Academic Experience	Course Guidance	Guidance available for taking courses	Students	Advising surveys, advising platform analytics (Starfish, Navigate)		☐	☒	☒	☒					
Student Academic Experience	Program Difficulty Perception	Perceived difficulty of program	Students	Student surveys (Qualtrics, Google Forms), NSSE-style questionnaires		☐	☒	☒	☒					
Student Academic Experience	Degree Completion Ease Index	Ease of completing degree	Students	Student surveys, graduating cohort surveys, advising feedback tools		☐	☒	☒	☒					
Student Academic Experience	Workload	Perceived workload	Students	Course evaluation surveys, workload scales (Likert-based surveys)		☒	☒	☒	☒					
Student Academic Experience	Perceived availability of electives	Do students think that enough appropriate electives are being offered for every program?	Students	Student surveys, focus groups, exit surveys		☒	☒	☒	☒					
Student Academic Experience	Time between grade finalisation and grade release	Do students have the opportunity to contest grades/revise errors?	Students	Student surveys, focus groups, exit surveys		☒	☒	☒	☒					

☞ Component	Indicator measures	Process/Mechanism	☞ Stakeholder	Tool	Availability	Course	Program	School	University					
Teaching & Assessment Quality	Percieved Feedback Quality	Quality of feedback from assessments-do students think the feedback adds to their understanding of the subject matter?	Students	Student surveys, LMS feedback analytics		✓	✓	✓	✓					
Teaching & Assessment Quality	Perceived fairness of assessment	Do students think that the assessment strategies adequately assess acquired skills?	Students	Course evaluation surveys, assessment fairness scales		✓	✓	✓	✓					
Teaching & Assessment Quality	Scoring rubrics	Do courses communicate what is expected of students and assessments are graded based on these rubrics?	Students	Course evaluation surveys, assessment fairness scales		✓	✓	✓	✓					
Teaching & Assessment Quality	Capstone/thesis structure	The final project or thesis has clear guidelines, supervision, and grading criteria.The student knows what is being expected of them?	Students	Course evaluation surveys, assessment fairness scales		✓	✓	✓	✓					

Component	Indicator measures	Process/Mechanism	Tool	Availability	Course	Program	School	University						
Career Alignment	Internship pipeline structure	There is a clear system connecting students to internship opportunities that are aligned with their academic program	Internship platforms (Handshake, Symplcity), employer dashboards		☐	☒	☐	☐			Component	What does this component represent?	Attributable Weight	Total Elements
Career Alignment	Professional engagement channels	Students can engage with professionals through talks, workshops, or events.	Event platforms (Handshake, LinkedIn Events), CRM		☐	☒	☐	☐			Teaching & Assessment Quality	Effectiveness of teaching, assessment, and feedback in supporting and accurately evaluating student learning.		5
Curriculum Design and Program Structural Coherence	Curriculum mapping alignment	Courses are clearly linked to the program's learning objectives (PLO's)	Curriculum planners (CourseTune), prereq graphing tools, program checklists		☒	☒	☐	☐			Student Academic Experience	Overall quality of the student journey, including workload, difficulty, guidance, and progression through the program.		5
Curriculum Design and Program Structural Coherence	Course sequencing coherence	Courses are arranged in a logical order from basic to advanced levels. If an advanced-level course requires a prerequisite, are there enough courses offering that prerequisite? Is there a logical order to how courses are being offered? no difficulty jumps or foundational gaps?	SIS reports, Excel/Sheets pivot tables		☒	☒	☐	☐			Institutional Resources & Support	Availability and adequacy of resources, infrastructure, and support systems enabling teaching and learning.		10
Curriculum Design and Program Structural Coherence	Credit distribution balance	Credit loads are evenly and fairly distributed across student cohorts. Are students taking balanced credits throughout their 4 years? Or for some programs, is the maximum level of credits dominated by a certain semester?	Curriculum review surveys, course tagging systems		☐	☒	☐	☐			Curriculum Design and Program Structural Coherence	Logical organization, sequencing, and integration of courses to ensure a cohesive learning pathway.		9
Curriculum Design and Program Structural Coherence	Interdisciplinary integration	The program includes content or methods from other disciplines.	LMS rubrics, thesis tracking tools (Canvas/Blackboard modules), Google Forms		☒	☒	☐	☐			Program Governance & Quality Assurance	Effectiveness of policies, processes, and oversight in ensuring transparency, consistency, and continuous improvement.		9
Curriculum Design and Program Structural Coherence	No of 100, 200, 300 and 400 level courses offered	The number of courses available at beginner, intermediate, and advanced levels.	SIS elective lists, program catalogs		☐	☒	☐	☐			Career Alignment	Alignment of program content and skills with labor market needs and career pathways.		2
Curriculum Design and Program Structural Coherence	No of electives offered	The total number of optional courses students can choose from.	SIS reports, Excel/Sheets visualization		☐	☒	☐	☐			External Engagement	Extent of collaboration with industry, academia, and other external stakeholders to enhance program relevance.		3
Curriculum Design and Program Structural Coherence	Integration of AI into coursework/prompt engineering/basic technical skills	The curriculum includes AI tools, prompt engineering, and basic technical skills.	AI tools (ChatGPT, GitHub Copilot), LMS AI integrations		☒	☒	☐	☐						
Curriculum Design and Program Structural Coherence	Frequency of review of PLOs	Program learning outcomes are reviewed and updated regularly.	PLO tracking spreadsheets, program review logs		☒	☒	☐	☐						
Curriculum Design and Program Structural Coherence	Innovative assessment strategies	The extent to which a program makes use of innovative assessment styles and pedagogies	LMS analytics (Canvas/Blackboard), curriculum audit checklist		☒	☒	☐	☐						
External Engagement	Industry advisory boards	Industry experts formally advise and provide input to the program.	Board management tools (OnBoard, BoardEffect), meeting logs		☐	☒	☐	☐						
External Engagement	External collaborations	The program has active partnerships with external organizations./The extent to which a program is being reviewed by or is taking inspiration from external sources for example, liberal arts colleges in the US and across the world	Partnership tracking systems, CRM tools		☐	☒	☐	☐						
External Engagement	Academic partnerships	The program has formal collaborations with other universities.	MOU databases, partnership trackers		☐	☒	☐	☐						

Component	Indicator measures	Process/Mechanism	Tool	Availability	Course	Program	School	University						
Institutional Resources & Support	Availability of complaint portals and forums where students can voice their concerns and their utilisation by program	Students have a formal system to submit complaints.	Helpdesk systems (Zendesk, Freshdesk), Google Forms		☐	☒	☐	☐						
Institutional Resources & Support	Availability of competent faculty	Each category of faculty available for each program			☐	☒	☐	☐						
Institutional Resources & Support	Discipline-specific labs	Appropriate labs or practical facilities are available for the program.	Facility inventories, asset management systems		☐	☒	☐	☐						
Institutional Resources & Support	Program-specific software/tools	Students have access to the software and tools required in their field.	License tracking systems, tech inventories		☐	☒	☐	☐						
Institutional Resources & Support	Library holdings	The library provides sufficient books, journals, and databases for the program.	Library catalog systems (Ex Libris, WorldCat), usage analytics		☐	☒	☒	☐						
Institutional Resources & Support	Availability of Remedial workshops	The program has arranged for targeted resources and workshop meant to cater foundational gaps etc	Scheduling software (AdAstra, EMS)		☐	☒	☒	☐						
Institutional Resources & Support	Class size structure	The average number of students enrolled per class.	SIS enrollment reports, Tableau/Power BI dashboards		☐	☒	☐	☐						
Institutional Resources & Support	Student-faculty ratio	The number of students per faculty member in the program.	HR records + enrollment data, BI dashboards		☐	☒	☐	☐						
Institutional Resources & Support	Registration process efficiency	The course registration process is smooth and user-friendly.	SIS logs, customer journey tools, surveys		☐	☒	☐	☐						
Institutional Resources & Support	Academic information systems	Digital systems () effectively manage records and communication	SIS/ecosystem evaluations, uptime logs		☒	☒	☐	☐						
Program Governance & Quality Assurance	Curriculum review frequency	The curriculum is reviewed and updated regularly.	Standards checklists, benchmarking tools, accreditation criteria checklists		☐	☒	☐	☐						
Program Governance & Quality Assurance	Scheduling efficiency	Course schedules minimize conflicts and delays.	Scheduling software (AdAstra, EMS), Excel constraint matrices		☐	☒	☐	☐						
Program Governance & Quality Assurance	Program budget allocation	Adequate funding is allocated specifically to the program.	Budget systems (Oracle, SAP), finance dashboards		☐	☒	☐	☐						
Program Governance & Quality Assurance	Documentation transparency	Program documents and policies are easily accessible.	Document management systems, user access audits		☐	☒	☐	☐						
Program Governance & Quality Assurance	Alignment with disciplinary standards	The program follows recognized academic standards (e.g., AAC&U, Higher Education Commission of Pakistan).	LMS analytics (Canvas/Blackboard), assessment inventories, Excel tracking		☐	☒	☐	☐						
Program Governance & Quality Assurance	Course availability predictability	Required courses are offered consistently as planned.	SIS scheduling reports, forecast analytics tools		☐	☒	☐	☐						
Program Governance & Quality Assurance	Policy clarity	Academic and administrative policies are clear and easy to understand.	Policy repositories (Confluence, SharePoint), readability tools		☐	☒	☐	☐						
Program Governance & Quality Assurance	Accreditation status	The program holds official accreditation from relevant bodies.	Accreditation tracking tools, compliance checklists		☐	☒	☐	☐						
Program Governance & Quality Assurance	Data monitoring processes	The program regularly collects and analyzes performance data.	BI tools (Tableau, Power BI, Looker), automated dashboards		☐	☒	☐	☐						
Student Academic Experience	Degree incompleteness/delayment rate	The percentage of students who do not graduate within the expected time.	SIS graduation reports, analytic dashboards		☐	☒	☐	☐						
Student Academic Experience	Time-to-degree structure	The program is structured to allow completion within the expected time frame.	SIS longitudinal data, degree audit tools		☐	☒	☐	☐						
Student Academic Experience	Advising framework design	Academic advising is clearly organized and accessible to students with advisors having sound knowledge of program requirements	Advising platforms (Starfish, Navigate), Google Sheets tracking		☐	☒	☐	☐						

☞ Component	Indicator measures	Process/Mechanism	Tool	Availability	Course	Program	School	University						
Student Academic Experience	Program-wise financial aid/ scholarships provisions	Do all programs have allocated financial aid for students? This could be an incentive for enrollment amongst new students in various underutilised programs	Financial aid office records, institutional dashboards		☐	☒	☐	☐						
Student Academic Experience	Academic Performance Trend	GPA over time	SIS academic records, longitudinal performance dashboards		☐	☒	☐	☐						
Teaching & Assessment Quality	Frequency of feedback	Students receive academic feedback regularly.	LMS gradebooks, feedback analytics		☐	☒	☐	☐						
Teaching & Assessment Quality	The proportion of faculty time devoted to each program	Faculty workload is clearly allocated across programs.	Workload management tools (TSheets, Kronos), HR systems		☐	☒	☐	☐						
Teaching & Assessment Quality	Office hours offered and attended	The average number of attendance per course per program	Workload management tools (TSheets, Kronos), HR systems		☐	☒	☐	☐						
Teaching & Assessment Quality	Assessment structure diversity	Different types of assessments are used (exams, projects, presentations, etc.).	LMS, SIS catalogs, course inventory reports		☒	☒	☐	☐						
Teaching & Assessment Quality	Availability of rubrics for thesis/capstone	Clear grading rubrics are provided for major projects.	Rubric repositories, LMS rubric features		☒	☒	☐	☐						

Component	What does this component represent?	Attributable Weight	Total Elements	Availability	Course	Program	School	University								
Teaching Effectiveness	Assessment frequency	Quality and regularity of assessments in evaluating learning outcomes.	LMS analytics + syllabus audit checklist		✓	✓	✓	✓				Component	What this component represents	Attributable Weight	Total Elements	
Teaching Effectiveness	Grading turnaround time and quality	Promptness and usefulness of feedback in supporting student improvement.	LMS timestamp tracking; course evaluations for quality of feedback		✓	✓	✓	✓				Teaching Effectiveness	Assesses the extent to which faculty deliver rigorous, well-structured, and outcomes-aligned teaching that reflects Habib's emphasis on critical inquiry, writing, and interdisciplinary learning	30%	8	
Teaching Effectiveness	Alignment of assessments with learning outcomes	Coherence between teaching, assessment, and intended intellectual/ethical outcomes.	Curriculum mapping matrix + rubric; course evaluations		✓	✓	✓	✓				Student Experience with Faculty	Captures the quality of the student learning experience with faculty, focusing on engagement, inclusivity, mentorship, and intellectual growth	25%	14	
Teaching Effectiveness	Peer rated teaching effectiveness	Structured assessment of pedagogy and classroom practice by peers.	Structured classroom observation rubric		✓	□	□	□				Research & Scholarship	Evaluates faculty contributions to knowledge creation, with emphasis on rigor, interdisciplinary inquiry, and integration of research into undergraduate learning.	15%	8	
Teaching Effectiveness	Content mastery (peer review)	Depth, accuracy, and intellectual challenge in course delivery.	Discipline-specific peer evaluation rubric		✓	□	□	□				Service & Governance	Measures contributions to institutional functioning, shared governance within the academic community	15%	15	
Student Experience with Faculty	Clarity of instruction	Effectiveness in explaining concepts clearly and accessibly.	Student evaluation surveys (Likert scale)		□	□	□	□				Innovation & External Engagement	Assesses efforts to advance pedagogy, foster interdisciplinary learning, and connect academic work to external communities and societal impact.	15%	13	
Student Experience with Faculty	Engagement & interaction	Ability to facilitate meaningful dialogue and participation+foster diversity of views	Student surveys + LMS discussion analytics		✓	□	□	□								
Student Experience with Faculty	Accessibility/approachability	Openness and availability for student interaction and support; possibly career guidance and mentorship correspondence	Course Evaluation		✓	□	□	□								
Student Experience with Faculty	Fairness in grading	Perceived equity and clarity in grading practices.	Student surveys + grade distribution audit		✓	□	□	□								
Student Experience with Faculty	Perceived learning gain	Student-reported development in understanding and critical thinking.	Pre-post self-assessment surveys		✓	□	□	□								
Student Experience with Faculty	Quality of advising/mentorship	Effectiveness in guiding students academically and intellectually.	Advising feedback surveys		✓	□	□	□								
Student Experience with Faculty	Availability outside class (office hours)	Responsiveness to varied student backgrounds and needs.	Office hour logs + booking systems		✓	□	□	□								
Service & Governance	Committee participation	Contribution to institutional decision-making bodies.	Admin records + attendance logs		✓	✓	✓	✓								
Service & Governance	Engagement in Administrative roles	Involvement of faculty in research processes and outputs.	HR workload system		□	✓	✓	✓								
Service & Governance	Curriculum development (courses designed/revised)	Efforts to ensure coherence across courses within a program; Involvement in designing and improving courses/programs.	Academic office records + syllabus repository		✓	✓	✓	✓								
Service & Governance	Contribution to academic culture	Participation in/Organizing seminars, workshops, and campus intellectual life.	Event participation logs		✓	✓	✓	✓								
Service & Governance	Collaboration with colleagues	Engagement in interdisciplinary and cooperative work.	360° peer feedback tool		✓	✓	✓	✓								
Service & Governance	Professionalism & reliability	Consistency, accountability, and fulfillment of responsibilities.	Admin evaluation rubric		✓	✓	✓	✓								
Innovation & External Engagement	Use of teaching technology	Effective integration of digital tools in teaching and learning.	LMS analytics dashboard		✓	□	□	□								
Innovation & External Engagement	Pedagogical innovation	Use of creative, student-centered teaching approaches.	Teaching portfolio + review rubric; Course outlines		✓	□	□	□								
Innovation & External Engagement	Interdisciplinary integration	Inclusion of cross-disciplinary perspectives in teaching.	Course audit + cross-listing data		✓	□	□	□								
Innovation & External Engagement	Industry collaboration quality	Linking academic work with real-world and societal contexts; potentially opening up new avenues for collaboration on specific subject matter for the program or university at large	Partner feedback surveys + MoU tracking		✓	✓	✓	✓								
Innovation & External Engagement	Community engagement impact	Contribution to public discourse and community impact.	Impact reports + participation data		✓	✓	✓	✓								
Innovation & External Engagement	Guest lectures / partnerships (quality focused)	Meaningful collaboration with external experts	Course logs + student feedback		✓	✓	✓	✓								
Innovation & External Engagement	Funding Opportunities and Research grants	Success in securing funding for research activities.	AO records		✓	✓	✓	✓								

Component	What does this component represent?	Attributable Weight	Total Elements	Availability	Course	Program	School	University						
Research & Scholarship	Research quality & originality	Novelty, rigor, and intellectual contribution of research	External peer reviews, promotion dossiers		☒	☐	☐	☐						
Research & Scholarship	Interdisciplinary relevance	Extent to which research bridges disciplines	Internal review committees, research statements		☐	☐	☐	☐						
Research & Scholarship	Contribution to field advancement	Perceived importance of work in shaping the discipline	Citation narratives, peer panels		☐	☐	☐	☐						
Research & Scholarship	Undergraduate research mentorship quality	Depth of student involvement in research	Student surveys, thesis supervision reviews		☐	☐	☐	☐						
Research & Scholarship	Ethical standards in research	Adherence to ethical guidelines and integrity	IRB records, internal ethics reviews		☐	☐	☐	☐						

Component	Indicator measures	Process/Mechanism	Tool	Availability	Course	Program	School	University
Innovation & External Engagement	Interdisciplinary courses taught	Cross-program teaching integration	Registrar database + curriculum mapping tool		✓	✓	✓	□
Innovation & External Engagement	Industry/Academia partnerships established	External collaboration development	Partnership CRM / MoU database		✓	✓	□	□
Innovation & External Engagement	Guest lectures hosted	External exposure for students	Course logs + LMS announcements		✓	✓	✓	✓
Innovation & External Engagement	Externally funded projects (non-research)	Engagement through applied work	Grants/finance management system		□	□	✓	✓
Innovation & External Engagement	Workshops/training delivered externally	Knowledge dissemination beyond campus	Outreach/activity reporting system		□	□	✓	✓
Innovation & External Engagement	Public engagement outputs	Contribution to public discourse/Participation in consortiums/Liasions with other universities	Media tracking tools + faculty activity reports		✓	✓	✓	✓
Research & Scholarship	Publications	Scholarly output assessed by quality and relevance.	Google Scholar, Scopus, ORCID		□	✓	✓	✓
Research & Scholarship	Citation metrics (h index, citations)	Research that integrates multiple disciplinary perspectives/Influence and reach of scholarly work.	Google Scholar, Scopus, Web of Science		□	✓	✓	✓
Research & Scholarship	Research grants secured	Engagement with academic communities through presentations.	OTL database		□	✓	✓	✓
Service & Governance	Committee memberships	Participation in governance structures	AO / governance records		□	✓	✓	✓
Service & Governance	Committee leadership roles	Leadership in institutional decision-making	Governance records		□	✓	✓	✓
Service & Governance	Meeting attendance rate	Reliability in governance participation	Committee minutes + attendance logs		□	✓	✓	✓
Service & Governance	Program coordination roles	Responsibility in managing academic programs	Department/AO records		□	✓	✓	✓
Service & Governance	Administrative workload	Contribution to institutional operations	Workload allocation system (AO)		□	✓	✓	✓
Service & Governance	Event organization	Engagement in academic community building	Event management system		□	✓	✓	✓
Service & Governance	Policy contributions	Input into institutional policies	Governance documentation repository		□	✓	✓	✓
Service & Governance	Advising load (formal)	Assigned student advising responsibility	Advising management system		□	✓	✓	✓
Service & Governance	Task completion timeliness	Efficiency in administrative duties	Workflow tracking tools (Asana, Trello, internal systems)		□	✓	✓	✓

☞ Component	Indicator measures	Process/Mechanism	Tool	Availability	Course	Program	School	University
Student Experience with Faculty	Student attendance rates	Degree of consistent student presence and active engagement in class.	LMS attendance tool / digital check-ins		☒	☐	☐	☐
Student Experience with Faculty	Late submission rates	Student difficulty or disengagement	LMS assignment analytics		☒	☐	☐	☐
Student Experience with Faculty	Drop/withdrawal rates	Student dissatisfaction or misalignment	SIS (Registrar data)		☒	☐	☐	☐
Student Experience with Faculty	Re-enrollment in instructor's courses	Revealed preference for instructor quality	SIS longitudinal enrollment data		☒	☐	☐	☐
Student Experience with Faculty	Grade appeal frequency	Perceived fairness issues	Academic office records		☒	☐	☐	☐
Student Experience with Faculty	LMS engagement analytics	Interaction with course material	LMS dashboards (Canvas analytics)		☒	☐	☐	☐
Student Experience with Faculty	Availability outside class (office hours)	Responsiveness and engagement in outside classroom dynamics	Calendar tools (Google Calendar, Calendly) + logs		☒	☒	☒	☐
Teaching Effectiveness	Average student grades (normalized)	Adjusted measure of student achievement accounting for course rigor and level.	SIS + statistical normalization tools (Excel/R/Python)		☒	☐	☐	☐
Teaching Effectiveness	Pass/fail rates	Extent to which students successfully complete the course without attrition.	SIS / gradebook data		☒	☐	☐	☐
Teaching Effectiveness	Credit hours taught	Volume and balance of assigned teaching responsibilities.	Registrar / AO workload system		☒	☐	☐	☐

Component	Indicator measures	Process/Mechanism	Tool	Availability	☑ Course	Program	School	University						
Academic Support Effectiveness	Student-to-Advising Staff Ratio	Availability and accessibility of academic advising	HR records + Student Information System (SIS)		☐	☒	☒	☒						
Academic Support Effectiveness	Workshop / Support Session Attendance Rates	Engagement in academic support (writing center, tutoring, career services)	Event attendance tracking tools, LMS logs		☐	☒	☒	☒						
Academic Support Effectiveness	Qualifications and competency of Student Support Staff	Competency + experiences of the support staff need to be aligned with support requirements (for example, do people providing graduate school advice have grad school experience themselves?)	HR Records		☐	☒	☒	☒						
Academic Support Effectiveness	Digital Platform Usage (LMS, advising portals)	Engagement with academic support infrastructure	LMS analytics (Canvas/Moodle), portal analytics		☐	☒	☒	☒						
Administrative Efficiency & Service Responsiveness	Average Response Time to Student Queries (what channels are available to students?)/ Complaint Resolution time	Efficiency of support services (registrar, financial aid, counseling)	Ticketing systems (e.g., Freshdesk, Zendesk), email logs		☐	☒	☒	☒						
Administrative Efficiency & Service Responsiveness	Add/Drop & Administrative Processing Time	Efficiency of registrar services	SIS timestamps		☐	☒	☒	☒						
Administrative Efficiency & Service Responsiveness	Recovery Rate from Academic Probation	Effectiveness of support interventions	SIS (status change tracking)		☐	☐	☐	☐						
Career & Future Readiness Support	Career Placement Rate (within 6 months)	Effectiveness of career services support	Graduate outcome surveys + alumni tracking systems		☐	☒	☒	☒						
Career & Future Readiness Support	Career workshop attendance	Engagement with career oriented prep and services	Event attendance tracking tools, LMS logs		☐	☒	☒	☒						
Career & Future Readiness Support	Internship Placement Rate	Practical career support effectiveness	Career services database		☐	☒	☒	☒						
Career & Future Readiness Support	Career Preparedness Resources	Availability of interview question bank, internship and job inventory, etc	Career services database		☐	☒	☒	☒						
Financial & Accessibility Support	Number of Students Using Financial Aid / Emergency Funds	Reach and accessibility of financial support systems	Financial aid office records		☐	☒	☒	☒						
Financial & Accessibility Support	Average Financial Aid Award Size (PKR)	Depth/adequacy of financial support	Financial aid database		☐	☒	☒	☒						
Financial & Accessibility Support	% of Demonstrated Need Met	How fully student financial needs are covered	Financial aid calculations (need vs aid awarded)		☐	☒	☒	☒						
Financial & Accessibility Support	Financial Aid Renewal Rate	Continuity of support across years	Financial aid records		☐	☒	☒	☒						
Financial & Accessibility Support	Dropout Rate among Financial Aid Students	Effectiveness of financial support in retention	SIS + financial aid data merge		☐	☒	☒	☒						
Financial & Accessibility Support	Work-Study Participation Rate	Access to on-campus earning opportunities	HR/payroll + student employment records		☐	☒	☒	☒						
Financial & Accessibility Support	Average Time to Disburse Emergency Funds	Responsiveness to urgent financial needs	Financial aid/emergency fund logs		☐	☒	☒	☒						
Financial & Accessibility Support	No. of Students Receiving Non-Tuition Support (housing, meals, transport)	Holistic financial support coverage	Financial aid + student affairs data		☐	☒	☒	☒						
Financial & Accessibility Support	Assistive Technology Availability Ratio (devices per student needing support)	Infrastructure for accessibility	IT inventory + accessibility office		☐	☒	☒	☒						
Financial & Accessibility Support	No. of Students Using Transportation Support	Access facilitation for commuting students	Transport service records		☐	☒	☒	☒						
Financial & Accessibility Support	Financial aid renewal rate (year-to-year continuity)				☐	☐	☐	☐						
Financial & Accessibility Support	Percentage of students reporting financial distress but not receiving aid	Captures the extent of unmet financial need by identifying students who self-report financial stress but are not covered by existing aid systems. Signals gaps in outreach, eligibility, or awareness.	Student surveys (Qualtrics/Google Forms), Financial aid database, Data merge (survey IDs with aid records)		☐	☐	☐	☐						
Financial & Accessibility Support	Academic performance gap (GPA) between aid vs non-aid students	Measures disparities in academic outcomes across financial groups, indicating whether financial constraints are impacting student performance and equity of outcomes.	Student Information System (SIS), Registrar data, Statistical analysis (Excel, STATA, R)		☐	☐	☐	☐						
Financial & Accessibility Support	Course withdrawal rates among financially stressed students	Identifies whether financially vulnerable students are more likely to withdraw from courses, reflecting academic disruption due to financial pressures.	SIS (course withdrawal records), Survey data (financial stress indicators), Data linkage analysis		☐	☐	☐	☐						

Component	Indicator measures	Process/Mechanism	Tool	Availability	☑ Course	Program	School	University						
Financial & Accessibility Support	Late fee/default rates on tuition payments	Tracks financial strain through delayed or missed payments, serving as an early warning indicator of financial instability among students.	Finance office records, ERP/SIS billing systems, Payment tracking logs		☐	☐	☐	☐						
Student Engagement, Belonging & Campus Experience	Library Resource Utilization	Academic support through library services	Library management systems (Koha, etc.)		☐	☒	☒	☒						
Student Engagement, Belonging & Campus Experience	Accessibility Services Uptake (e.g., accommodations)	Inclusivity and reach of disability support services	Accessibility office records		☐	☒	☒	☒						
Student Engagement, Belonging & Campus Experience	Number of active student clubs / events	Diversity of interests and engagement with causes (can be a good way to gauge what interests students outside the classroom)			☐	☒	☒	☒						
Student Engagement, Belonging & Campus Experience	Utilization of Multiple Support Services (%)	Holistic engagement (advising + career + counseling)	Integrated service usage dashboards		☐	☒	☒	☒						
Student Well-being & Mental Health Support	Utilization Rate of Counseling Services	Demand and uptake of mental health support	Counseling center records (anonymized usage logs)		☐	☒	☒	☒						
Student Well-being & Mental Health Support	Number of counseling sessions delivered	Supply of mental health support	Counseling center records		☐	☒	☒	☒						
Student Well-being & Mental Health Support	Counselor-to-student ratio	A benchmark can be set here/This can also capture if there are delays in mental health provision or backlogs that could signal that there's a shortage of professionals/time slots, etc	Counseling center records		☐	☒	☒	☒						

Component	Indicator measures	Process/Mechanism	Tool	Availability	☑ Course	Program	School	University					
Academic Support Effectiveness	Student Satisfaction with Academic Advising	Perceived usefulness and accessibility of advising	End-of-semester surveys (Qualtrics, Google Forms)		☐	☒	☒	☒		Component	What this component represents	Total Elements	Attributable Weight
Academic Support Effectiveness	Perceived Accessibility of Faculty Support	Informal support beyond classrooms	Course evaluations + targeted surveys		☐	☒	☒	☒		Academic Support Effectiveness	Quality, accessibility, and effectiveness of academic guidance and learning support systems.	3	
Academic Support Effectiveness	Perceived usefulness of academic support services	Perceived usefulness and accessibility of non-academic support services	End-of-semester surveys (Qualtrics, Google Forms)		☐	☒	☒	☒		Administrative Efficiency & Service Responsiveness	Efficiency, timeliness, and ease of interacting with administrative systems.	2	
Administrative Efficiency & Service Responsiveness	Perceived Responsiveness of Administrative Offices	Student experience with registrar, finance, etc.	Pulse surveys, feedback forms after service interactions		☐	☒	☒	☒		Student Well-being & Mental Health Support	Emotional, psychological, and holistic well-being support.	3	
Administrative Efficiency & Service Responsiveness	Ease of Navigating University Systems	User-friendliness of portals and processes	UX surveys, usability testing sessions		☐	☒	☒	☒		Financial & Accessibility Support	Equity of access and inclusivity in support systems.	11	
Career & Future Readiness Support	Perceived Effectiveness of Career Services (satisfaction, feedback, etc)	Helpfulness of CV reviews, career fairs, advising	Graduate exit surveys, alumni feedback		☐	☒	☒	☒		Career & Future Readiness Support	Effectiveness of transition from university to careers / further study.	2	
Career & Future Readiness Support	Confidence in Career Readiness	Perceived usefulness of available career-oriented resources	Graduate exit surveys, alumni feedback		☐	☒	☒	☒		Student Engagement, Belonging & Campus Experience	Sense of community, inclusion, and engagement beyond academics.	5	
Financial & Accessibility Support	Student Perception of Financial Aid Fairness and Adequacy	Transparency and adequacy of financial support (Whether aid sufficiently covers student needs)	Financial aid satisfaction surveys		☐	☒	☒	☒					
Financial & Accessibility Support	Clarity & Transparency of Aid Process	Understanding of eligibility, renewal, policies	Surveys + focus groups		☐	☒	☒	☒					
Financial & Accessibility Support	Perceived Dignity in Receiving Aid	Whether students feel respected (important in Habib context)	Anonymous surveys, interviews		☐	☒	☒	☒					
Financial & Accessibility Support	Stress Related to Financial Burden	Financial anxiety impacting student experience	Well-being surveys (e.g., Likert scales)		☐	☒	☒	☒					
Financial & Accessibility Support	Satisfaction with Emergency Financial Support	Effectiveness during crises	Post-support feedback forms		☐	☒	☒	☒					
Financial & Accessibility Support	Perceived Accessibility of Financial Aid Office	Approachability and supportiveness of staff	Pulse surveys		☐	☒	☒	☒					
Financial & Accessibility Support	Ease of Requesting Accommodations	Friction in accessing accessibility services	UX surveys, interviews		☐	☒	☒	☒					
Financial & Accessibility Support	Satisfaction with Assistive Technologies Provided	Effectiveness of tools (screen readers, etc.)	Targeted accessibility surveys		☐	☒	☒	☒					
Financial & Accessibility Support	Faculty Sensitivity to Accessibility Needs	Classroom-level inclusivity	Course evaluations + targeted questions		☐	☒	☒	☒					
Financial & Accessibility Support	Sense of Financial Security While Studying	Stability and predictability of support	Student experience surveys		☐	☒	☒	☒					
Financial & Accessibility Support	Is Non-Tuition Support provided? Stipend, etc?	Holistic support perception	Student life surveys		☐	☒	☒	☒					
Student Engagement, Belonging & Campus Experience	Sense of Personal Growth & Transformation	Liberal arts impact (very Habib-specific)	Reflection surveys, qualitative responses		☐	☒	☒	☒					
Student Engagement, Belonging & Campus Experience	Sense of Belonging & Inclusion	How supported students feel socially and culturally	Climate surveys, NSSE-style surveys		☐	☒	☒	☒					
Student Engagement, Belonging & Campus Experience	Peer Support & Mentorship Effectiveness	Impact of peer mentoring programs	Mentorship program feedback forms		☐	☒	☒	☒					
Student Engagement, Belonging & Campus Experience	Satisfaction with Co-curricular Support Services	Clubs, student life, engagement support	Student life surveys		☐	☒	☒	☒					
Student Engagement, Belonging & Campus Experience	Perceived Safety & Campus Support Environment	Physical and emotional safety	Campus climate surveys		☐	☒	☒	☒					
Student Well-being & Mental Health Support	Student reported Well-being & Stress Levels	Overall mental and emotional support effectiveness	Standardized tools (e.g., WHO-5 Well-being Index)		☐	☒	☒	☒					
Student Well-being & Mental Health Support	Perceived Quality of Mental Health Support	Trust, comfort, and effectiveness of counseling	Anonymous well-being surveys, focus groups		☐	☒	☒	☒					

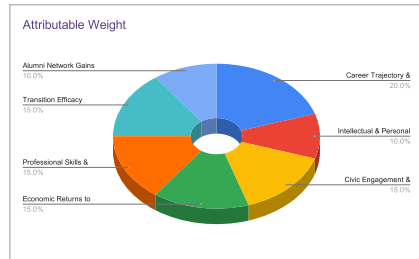

Component	Indicator measures	Process/Mechanism	Tool	Availability	☒ Course	Program	School	University					
Student Well-being & Mental Health Support	Comfort in accessing mental health services	Students are aware of the relevant channels and their accessibility protocols	Student life surveys		☐	☒	☒	☒					

List of all Student Support Services:

Component	Indicator measures	Tool	Year Mark	Process/Mechanism	Availability	Program	School	University
Alumni Network Gains	Alumni Network Reach	Alumni survey	1 Year	Were the alumni available? Were they helpful?	Needs to be developed	✓	✓	✓
				Range of employment sectors represented among graduates. This would be a qualitative study that explores what sectors the average HU graduate gravitates towards. Laban's office is charting all the sectors in which HU grads can go.	Needs to be developed	✓	□	✓
Alumni Network Gains	Sector Diversity	Alumni survey	Multiple year marks	Satisfaction with own career outcomes after graduation	Needs to be developed	✓	□	✓
Career Trajectory & Fulfillment	Career satisfaction	Alumni survey (Likert-scale)	Multiple year marks	Whether HU equipped students with the required skills through its curriculum	Needs to be developed	✓	✓	✓
Career Trajectory & Fulfillment	Education-career alignment	Alumni survey	1 Year	Self-assessed advancement in responsibility, skills, and status since graduation	Needs to be developed	✓	□	✓
Career Trajectory & Fulfillment	Perceived career progression	Alumni survey perhaps follow up with the same alumni who responded earlier 2-3 years down the line-Year 1 mark, Year 2 mark	Multiple year marks	Readiness for advanced academic work (research, theory, rigor) (NSCP already maintains data on graduate school preparedness perhaps there could be a comparative study comprising these levels when the students are at HU in their final year versus students in the first year of their graduate studies. This can also utilize Standardized test scores as a measure	Needs to be developed	✓	✓	✓
Career Trajectory & Fulfillment	Graduate study preparedness	Alumni survey	Multiple year marks	Could be a life satisfaction question specifically about matters relating to finances. For example, whether they can negotiate well, whether HU's brand image gives them leverage over negotiating better salaries, etc	Needs to be developed	✓	□	✓
Career Trajectory & Fulfillment	Perceived Financial Satisfaction	Alumni survey-satisfaction scale	3-5 Years	Felt intrinsically motivated to contribute positively to society and the public good	Needs to be developed	✓	✓	✓
Civic Engagement & Social Contribution	Sense of social responsibility	Alumni survey	1 Year	Belief that one's work or actions are meaningfully benefitting their communities.	Needs to be developed	✓	□	✓
Civic Engagement & Social Contribution	Perceived social impact	Alumni survey	1 Year	Consistency between personal values and professional or institutional contexts.	Needs to be developed	✓	□	✓
Civic Engagement & Social Contribution	Ethical alignment with HU values	Alumni survey	3-5 Years	Skills monetization across contexts, geographies, sectors-a qualitative demographic oriented insight	Needs to be developed	✓	✓	✓
Economic Returns to Education	Career Income growth satisfaction/Future Earning confidence	Alumni survey-satisfaction scale	1 Year	The perception of HU as well as comparator universities-so something like "Did you feel HU's perceived market value helped or disadvantaged you in anyway?"	Needs to be developed	✓	✓	✓
Economic Returns to Education	Credential Value Perception	Focus groups	1 Year	Ongoing pursuit of learning, curiosity, and intellectual growth post-graduation. Could measure frequency of attendance events/talks/seminars	Needs to be developed	✓	□	✓
Intellectual & Personal Growth	Continued intellectual engagement	Alumni survey	1 Year	Development in the ability to analyze and navigate ethical dilemmas.	Needs to be developed	✓	✓	✓
Intellectual & Personal Growth	Ethical reasoning growth	Focus groups-perhaps give an ethical dilemma to solve	3-5 Years	Ability to engage confidently with ambiguity, uncertainty, and complex issues. learn new skills and adapt to rapidly evolving workplace demands	Needs to be developed	✓	□	✓
Intellectual & Personal Growth	Comfort with complexity	Competency self-assessment	3-5 Years	Giving alumni's experiences post graduation, how is HU helping them progress	Needs to be developed	□	✓	✓
Intellectual & Personal Growth	Alumni satisfaction index	Alumni survey	1 Year	Confidence in one's academic abilities, reasoning, and scholarly skills.	Needs to be developed	✓	□	✓
Professional Skills & Workplace Effectiveness	Academic confidence	Competency self-assessment	1 Year	Ability to clearly convey ideas in written, oral, and professional settings.	Needs to be developed	✓	✓	✓
Professional Skills & Workplace Effectiveness	Communication effectiveness	Competency self-assessment	1 Year	Capacity to work productively with others in diverse group settings.	Needs to be developed	✓	✓	✓
Professional Skills & Workplace Effectiveness	Teamwork and collaboration	Competency self-assessment	1 Year	Extent to which undergraduate learning at HU was utilized in professional contexts. This can refer to elements beyond education	Needs to be developed	✓	□	✓
Transition Efficacy	Relevance of learning to work	Alumni survey	1 Year	Ability to apply learned concepts to new, unfamiliar, or evolving situations. This could also gauge whether Habib equipped students with enough emerging skills that they were ready to use on jobs in graduate schools	Needs to be developed	✓	✓	✓
Transition Efficacy	Knowledge transferability	Competency self-assessment	1 Year	Use of insights from multiple disciplines to address real-world problems.	Needs to be developed	✓	□	✓
Transition Efficacy	Interdisciplinary application	Employer survey	1 Year					

Key	Attributable Weight	Total Elements	What this element represents?
Career Trajectory & Fulfillment	20%	9	Long-term career progression and sense of purpose to work
Intellectual & Personal Growth	10%	4	Continued development of critical thinking, adaptability, and self-awareness.
Civic Engagement & Social Contribution	15%	6	Active participation in civic life and community impact.
Economic Returns to Education	15%	6	Financial gains and economic mobility associated with the degree.
Professional Skills & Workplace Effectiveness	15%	4	Effective application of skills in professional contexts.
Transition Efficacy	15%	6	Smoothness and success of the shift from university to work or further study.
Alumni Network Gains	10%	3	Professional and social benefits gained through alumni connections.

Component	Measure	Indicator measures	Process/Mechanism	Availability	Course	Program	School	University
Alumni Network Gains Career Trajectory & Fulfillment	Alumni Network Connectivity Index	Strength of alumni network	This should measure structural reach and university as a network broker (platforms, connections), functional value (trust and comfort in reach out to alumni amongst alumni), network diversity and reach (across social strata and geographical diversity)	Needs to be developed	☐	☐	☐	☒
	Career placement rate	Transition into intended next step	% of alumni in grad schools or job market/ total graduates	OCS/Alumni Portal	☐	☒	☐	☒
Career Trajectory & Fulfillment	Employment rate (1 year post-graduation)	Immediate labor-market absorption for FT and PT	% of graduates employed within 12 months.	OCS/Alumni Portal	☐	☒	☐	☒
Career Trajectory & Fulfillment	Employment rate (5 year post-graduation)-to avoid lagged effects of other variables	Lagged labor market absorption for FT and PT	% of graduates employed in 5 years for the same graduating class-this should ideally be individually calculated for each graduating class.	Needs to be developed	☐	☒	☐	☒
Career Trajectory & Fulfillment	Promotion within first 5 years	Career mobility & labor-market valuation	% of alumni who got promoted in the first 5 years out of all employed alumni	Needs to be developed	☐	☐	☐	☒
Civic Engagement & Social Contribution	Affiliation Rate	Continued affiliation with university initiatives/Voluntary contribution to social causes	% of alumni mentoring or donating./amount donated or given to charities, NGOs etc, or time devoted to such initiatives-ex: competitor universities identify notable alumni for their charitable contributions	Departmental Files	☐	☐	☐	☒
Economic Returns to Education	Mean Income (self-reported)	Relative economic returns to education	Encoded bands to ensure alumni feel comfortable answering	OCS/Alumni Portal	☐	☒	☒	☒
Economic Returns to Education	Average starting salary (by discipline)	Absolute economic returns to education	Mean first-year income of employed alumni.	OCS/Alumni Portal	☐	☒	☐	☒
Economic Returns to Education	Salary trajectories	The salary expectation for a standard HU grad	Normalized longitudinal forecast	Needs to be developed	☐	☒	☐	☒
Economic Returns to Education	ROI	This could be a cost/benefit analysis for a standard HU grad	A discipline wise analysis of returns on investment for a HU grad	Needs to be developed	☐	☐	☒	☒
Transition Efficacy	Median time to first job	Average time it takes a HU to transition	Median of all durations reported	Needs to be developed	☐	☒	☒	☒
Transition Efficacy	Graduate school enrollment rate	Academic progression & postgraduate preparedness	% of graduates who choose to continue formal education	OCS/Alumni Portal	☐	☒	☐	☒
Career Trajectory & Fulfillment	Employer sector diversity	The range of careers HU prepares its students for	Breakdown of all the sectors in which HU alumni have been employed	OCS/Alumni Portal	☐	☒	☐	☒
Professional Skills and Workplace Effectiveness	Employer perception	HU grads are better equipped and are well prepared both in absolute terms and relative terms (in relation to competitor universities)/self-assessment	Employers can score HU students (for example after internships) in overall career preparedness	Needs to be developed	☐	☒	☐	☒
